

Confirmation of regulations, directives and substance-related standards

13 February 2024

In the following we confirm the conformity of various REHAU standard hose programs (*) with various substance-related standards, regulations and directives:

1. REACH-Regulation (EU) 1907/2006 - Chemicals Regulation

a) The REHAU standard hose articles (*) you have purchased do not contain any substances in a concentration above 0.1% that are listed as "substances of very high concern" on the currently valid ECHA SVHC candidate list or in Annex XIV of REACH Regulation (EC) 1907/2006.

b) The REHAU standard hose articles (*) you have purchased are not subject to any restriction under Annex XVII of REACH Regulation (EC) 1907/2006 when used as intended.

2. RoHS-Directive 2011/65/EU - Electrical/electronic equipment

The REHAU standard hose articles (*) you have purchased do not contain any substances that are subject to restrictions in accordance with Annex II of the RoHS Directive 2011/65/EU (various heavy metals, some flame retardants containing bromine, various plasticizers).

3. WEEE-Directive 2012/19/EU - Waste electrical/electronic equipment

The REHAU standard hose items (*) you purchase are generally recyclable and therefore formally comply with the requirements of the WEEE Directive 2012/19/EU.

4. ELV-Directive 2000/53/EG – End-of-life vehicle directive

The REHAU standard hose articles (*) you have purchased do not contain any substances subject to restrictions under Article 4, Paragraph 2, of the ELV Directive 2000/53/EC (various heavy metals, limit values according to Annex II).

5. POP-Regulation (EU) 2019/1021 on persistent organic pollutants

The REHAU standard hose articles (*) you have purchased do not contain any persistent organic pollutants as defined in REGULATION (EU) 2019/1021 and these substances are not used in the manufacture of this article.

6. Dodd Frank Wall Street Reform and Consumer Protection-Act - Sec. 1502 - Conflict materials

The REHAU standard hose products (*) you have purchased do not contain any of the minerals listed in the Dodd-Frank Wall Street Reform and Consumer Protection Act - SEC. 1502 "conflict minerals - means columbite-tantalite (coltan), cassiterite, gold, wolframite, or their derivatives".

7. Toxic Substances Control Act – TSCA

The REHAU standard hose articles (*) you have purchased do not contain any of the five chemicals that are persistent, bio accumulative and toxic (PBT) and that were assigned corresponding use restrictions based on the Toxic Substances Control Act (TSCA) with publication by the US Environmental Protection Agency (EPA) on 6 January 2021:

- decabromodiphenyl ether (DecaBDE)
- phenol, isopropylated phosphate (3:1) (PIP (3:1))
- 2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP)
- hexachlorobutadiene (HCBd)
- pentachlorothiophenol (PCTP)

Confirmation of regulations, directives and substance-related standards

13 February 2024

8. Perfluorinated and polyfluorinated alkyl substances (PFAS)

REACH Annex XVII regulates restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles. If used as intended, the products you purchase from us are not restricted by Annex XVII. This includes all valid restrictions on per/polyfluorinated alkyl substances (PFAS) under REACH and other regulatory requirements.

The recently published proposal for an extensive restriction of PFAS could have immense consequences for a wide range of applications and industries if put into force. At the present time, we are preparing to participate in the public consultation. In addition, we are currently reviewing options for substitution in potentially affected products and processes.
